PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in software development, full-stack web development, and Data Structures & Algorithms. Proficient in C++, JavaScript, PHP, HTML, CSS, SQL, and Git/GitHub, with experience building responsive, database driven web applications. Solved 100+ LeetCode problems, demonstrating strong analytical and problem-solving abilities. Seeking a Software Development Internship to apply technical skills, contribute to impactful projects, and continue growing as a software engineer.

SKILLS

Programming Languages: C++, Python, JavaScript, PHP

Web Technologies: HTML5, CSS3

Database: MySQL, SQL

Tools & Platforms: Git, GitHub, VS Code, XAMPP

Core CS: Data Structures & Algorithms, Object-Oriented Programming (OOP), Operating Systems

Soft Skills: Problem Solving, Analytical Thinking, Adaptability

PROJECTS

Smart Chef – AI Recipe Generator | [GitHub](#)

Tech Stack: PHP, MySQL, HTML5, CSS3, JavaScript

- Developed a full-stack AI-powered recipe recommendation web application using PHP and MySQL.
- Implemented user authentication, profile management, and session handling for secure access.
- Designed a responsive interface that generates personalized recipes based on user-selected ingredients and preferences.
- Integrated a MySQL database for storing user information and application data while ensuring smooth backend functionality.

Personal Portfolio Website | [GitHub](#)

Tech Stack: HTML5, CSS3, JavaScript, PHP

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, certifications, and achievements.
- Implemented interactive navigation, downloadable resume functionality, and a contact section for improved user engagement.
- Optimized the website for accessibility, responsiveness, and cross-device compatibility using modern web development practices.
- Deployed the project using GitHub and maintained source code with Git version control.

ACHIEVEMENTS

-
- Solved 100+ Data Structures & Algorithms problems on LeetCode, strengthening problem-solving and analytical skills.
 - Built and maintained software projects using Git and GitHub with focus on clean code and version control practices.

CERTIFICATIONS

-
- AI – Data Engineering Analyst — NASSCOM (2026)
 - Get Started with Databricks for Generative AI — Simplilearn (2026)
 - AI Tools Workshop — Be10X (2026)
 - Cyber Security Analyst Job Simulation — Forage (2026)

EDUCATION

Bachelor of Technology (B.Tech.) – Information Technology

Goel Institute of Technology & Management, Lucknow

CGPA: 8.84/10 | Expected Graduation: 2028
